

Civil War Soldiers - Source: 1878 Cedar County History

Researched by Mike Boyle. His notes follow:

Below is an index of Cedar County Civil War Soldiers from the 1878 Cedar County History.

The index might prove helpful in locating a soldier alphabetically and once located will guide you on to more information and help as you go forward to other source information. There are 1212 names listed here which obviously include a few duplicates as well as omissions from the original 1878 source.

While completing this index I did notice several names listed on the monument that were missing from the regimental history. This index combines all names listed in both areas.

Additional information *may be available* by contacting the Cedar County Historical Society museum, see the Contact Us page for contact options.

The index spelling &/or errors are as they are shown in the 1878 Cedar County History. This document will continue to be updated as information can be ascertained. Additional information is shown in parenthesis.

Surnames shown in BLUE are found on the Cedar County Soldiers Monument at the Tipton Library.
